**Who is your Idaho Home Builder?**

**Bill Davis Construction**

**When was your home completed?**

**January 2005**

**Construction Type?**

**Semi-Custom** (modifications to existing House Plans)

**Idaho Home Builder Recommendation?**

We located Bill Davis Construction from the model homes in the Bridgetower Subdivision in Meridian Idaho. We found that Bill offered the highest quality and greatest value for the price. In a time when material prices, homes prices were going up by the week, Bill Davis was very up front with changing costs and was extremely fair. During the whole building process we found Bill Davis Construction and Brayden to be only a phone call away from answering our questions. When ever we had a change in mind, they worked with us to make it happen and keep on schedule. Going through the home building process can be very stressful. Bill Davis Construction made that process very smooth. I would build again with Bill Davis Construction and recommend them to everyone who is considering building a home.

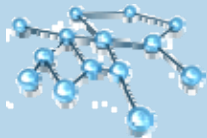

**Why should your builder be recognized for Construction Excellence**

You know that you are getting a great value. They expect the highest quality from their materials to their contractors. They are honest, friendly and realize that building a home is is a large investment. They care about there clients.

**Is the home Energy Star, LEED, or NAHB Green Certified?**

No.

### **What is your favorite element or feature of your home?**

The layout works great for our family of 5

### **Tell us about your community**

Bridgetower. Plenty of open space and large lots.

### **Share your experience with your realtor-**

Connie Brown Olson, Keller Williams Works for you, looks out for you in the whole process.

### **What advice would you give someone buying or building a new home?**

Do not be afraid to ask questions. It is your money.
