

# Construction Excellence

Submitted by

**Kathy Easton**  
**Bridgetower Subdivision**  
**Meridian, ID**

**Who is your Builder?**

**Bill Davis Construction**

**When was your home Completed?**

**August 2004**

**Construction Type?**

**Semi Custom** (modifications to existing house plan)

**Builder Recommendation**

Several years ago I found a floor plan for a home that I really liked even though I was not in the market for a home at that time. When I decided to move I called the builder of that home to see if he was still building that model and he said that he was in Bridgetower Subdivision. At first I had dreaded the thought of having a house built because I had heard horror stories from people who had their homes built. That was not the experience that I had with Bill Davis Construcion. Bill was very pleasant and helpful when it came to my making changes to the floor plan. Anytime that I had a question or concern it was always answered promptly. Brayden ( Bill's foreman) and his entire crew were very professional and it was a pleasure to work with them all. I have been in my home almost 5 years now and have not had any problems with it at all. If I were to build another home I would definitely use Bill Davis Construction as my builder again.

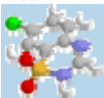

**Why should your builder be recognized for Construction Excellence?**

Bill Davis Construction is a Master Builder. He builds a superior quality home for your money.

**Is your home Energy Star, NAHB Green or LEED Certified?**

N/A

**What is the best feature or element of your home?**

I enjoy the open floor plan very much and really enjoy the large master bedroom and bath.

**Where is the best place to shop for home decor?**

I like Interior Elements in Meridian for home decor.

**Tell us about your community.**

My home is located in Bridgetower Subdivision. I enjoy this community because of the open spaces, the community pools and the fact that the homes are located in separate little clusters so that traffic is keep to a minimum. I also really appreciated the fact the CC&R's are enforced so that the

subdivision always looks nice.

**Share Your Experience with your real estate agent.**

My realtor was Shawn Endicott from Coldwell Banker. She was very helpful and I would recommend her to anyone.

**What advice would you give someone buying or building a new home?**

Don't be afraid to ask if something can be changed when building your home. Stop by regularly and meet the subcontractors who are putting their heart and soul in to your home.
