**August 2008**

**Construction Type?**

**Semi-Custom** (*modifications to existing House Plans*)

**Idaho Home Builder Recommendation?**

We had Bill Davis Construction build a custom built home this past summer. We were pleased with the results and felt that the home was reasonably priced. Bill and Brayden Sielaff were curious, conscientious, and when problem occurred took steps to correct them immediately. They use experienced sub contractors who also take pride in their workmanship and response time. Carolyn and I would definately recommend Bill Davis Construction to build your new home and we love Bridgetower subdivision.
